

Plant Emergency Preparedness And Response

A series of workshops presented by Geelong Quality Council

Workshop #2 - Alcoa

Thursday 4th August 2005

8:15 am – 1:00 pm

TOPIC

- The purpose of this workshop is to provide practical examples of emergency preparedness and response in the work place.
- This public workshop, at the Alcoa smelter and rolling facilities, is the second in a planned series of workshops at major Geelong industries.
- The target audience is plant senior emergency response officers.
- The workshop will start with a brief plant induction, followed by a plant tour, by bus, with a focus on items related to emergency preparedness and response.
- Alcoa personnel will then describe the Processes, Systems and Documentation that they have developed to address emergency preparedness and response.
- An open forum discussion session will provide opportunities for participants to share their experiences on this subject and "compare notes".
- The number of participants in the workshop is strictly limited so please register early to reserve your place.

PRESENTERS

- Pete Crosbie and Paul Reynolds; Alcoa

DIRECTIONS

- Alcoa, Pt Henry, go to Gate 3 Visitor's Car Park,
(off Portarlington Rd after the salt pans)

REGISTRATION

- There is no charge for the workshop which is being sponsored by Alcoa World Alumina Australia.
- Lunch will be provided.
- Part of the plant tour will be in a strong magnetic field which may affect pace makers, credit cards and analogue watches.
- RSVP Friday 29-Jul-2005
- Register on line: WWW.GQC.ORG.AU/ForumRego.htm
- Further details available from Flavio Giurco on telephone (03) 5245 1249.
